Il linguaggio di ispirazione neoclassica guida la famiglia di lavabi, sanitari e vasca da bagno della storica collezione Classic di GSI. Si tratta di prodotti senza tempo in grado di evocare nuove forme di romanticismo. I lavabi sono installabili a sospensione o con le caratteristiche colonne, unica o doppia a seconda della dimensione del bacino, con l'opzione della barra portasciugamani. Sono altresì presenti modelli di lavabi sottopiano da installare su mobili o piani preziosi, in linea con il sontuoso design di Classic, abbinabili a sanitari a terra o a sospensione, monoblocco con cassetta bassa o alta. La vasca da bagno sospesa su quattro piedistalli cromati in stile è perfetta per installazioni al centro di un ambiente.

Neoclassical themes are the inspiration behind the GSI's historical collection of washbasins, sanitary ware and bathtubs. These are timeless products that evoke new forms of romanticism. The washbasins can be installed into the wall or with their characteristic columns, alone or double depending on the size of the basin, with the option of the towel bar. The line also includes under counter washbasins that can be installed on mobile supports or on luxury surfaces. In keeping with Classic's sumptuous design, they can be combined with floor standing or hanging sanitary ware, close coupled with a high or low cistern. The bathtub supported by four chromium plated pedestals is ideal for installation in the centre of the bathroom.
